Headquarters: via A. Riccheo, 7 – 76121 Barletta (BT) ITALY

DESCRIPTION

The new «Cooperativa Profumieri» room fragrance diffusers with wooden sticks subtly blend into any room, providing a delicate and long-lasting fragrance. The perfume is diffused through the sticks that, when dipped in the perfume, absorb it by capillary action, carry it upwards and release it evenly and constantly. These fragrance diffusers will create a fresh and clean atmosphere in your home. 100 ml format: H 13,2 cm; L 10,7 cm; 200 ml format: H 15,5 cm; L 12,86 cm; 500 ml format: H 19,52 cm; L 16,39 cm; 1500 ml format: H 32 cm; L 18,2 cm; 3000 ml format: H 40,96 cm; L 22,67 cm.

HOW TO USE

When using the product for the first time, dip the sticks into the bottle and turn them over after about an hour. Repeat this procedure once or twice a week to achieve maximum yield from the sticks and adjust the scent intensity in the room: the diffusion of the fragrance is achieved by capillary action, and each time the sticks are turned over, more essence is released into the room.

WARNING

DANGER Highly flammable liquid and vapour. Causes serious eye irritation. May cause an allergic skin reaction. Harmful to aquatic life with long lasting effects. Keep away from heat, hot surfaces, sparks, open flames or other ignition source. — No smoking. Wear protective gloves/protective clothing/eye protection/face protection.
