DESCRIPTION

Anti-Hair Loss Vials by Aurodhea act directly on the main factors responsible for abnormal hair loss. Their special formula is based on the synergistic combination of 8 plants: Serenoa serrulata, Kigelia africana, Salvia officinalis, Cinnamon, Ginkgo biloba, Nettle, Rosemary and Capsicum. They also contain Sphingony, an active ingredient reducing hair loss by inhibiting the 5-alpha-reductase enzyme, which is the main cause of hair thinning and weakening. Sphingony rebalances the hair natural life cycle within 16 weeks of treatment, stimulating natural hair growth and improving the overall health of the scalp. The anti-hair loss action of Aurodhea vials contributes to stronger, more vigorous hair, without greasing or weighing it down. DERMATOLOGICALLY TESTED CPNP REFERENCE: 3973052
