### DESCRIPTION

/

### HOW TO USE

Apply daily 2 mL of lotion (the full capacity of a pipette) to dry or damp hair for two months. Rub with your fingers and massage the scalp for some minutes to promote absorption. During the maintenance phase, apply 3 times a week for at least two months. The treatment is recommended during seasonal change (in spring and autumn) and in case of injuries and damage from external aggression (sun, hair drier, straighteners and dyes).

### WARNING

Avoid release to the environment. Avoid any accidental damage or incorrect handling that might cause product leakage. Store in a cool, dry place away from heat. Do not use during pregnancy, lactation or on children under 5 years of age.
